

REICHERT NATURE PRESERVE

Tiplady and Dexter-Pinckney Roads, Putnam & Dexter Townships

100 acres

Dr. Rudy Reichert donated a conservation easement to the Livingston Land Conservancy and then in 2012, donated the land in fee to the Legacy Land Conservancy. This preserve is near Portage Lake in northern Washtenaw and southern Livingston Counties and protects a large contiguous block of natural land, including Portage Creek and Little Portage Lake frontage, dry oak forests, and wetlands such as tamarack swamps, fens, and wet meadows. This land is open to the public but contact should be made first with the Legacy Land Conservancy at info@legacylandconservancy.org.

Putnam Township portion

Dexter Township portion
